Have a Look at our brand new Paper Plane Models!

Our paper planes are the ideal way of passing the time. We offer revolutionary new developments of the traditional common paper planes. If your lesson,

conference, or lecture turn out to be deadly boring, you can have a wonderful time with our planes. All our models are folded from one paper sheet. They are

exclusively folded without using any adhesive. Several models are equipped with a folded landing gear enabling a safe landing on the intended location

provided that you have aimed well. Other models are able to fly loops or cover long distances. Let them start from a vista point in the mountains and see

where they touch the ground. Have a look at our new paper plane models! With our Long Distance Glider you can send all your messages even when sitting in

a hall or in the cinema pretty near the back. Try our Giant Wing, an unbelievable sailplane! It is amazingly robust and can even do aerobatics.
